Friday, January 1, 1869.

It has been a cloudy day; rather cold in the morning, but somewhat warmer in the afternoon. I loafed all day. I went up to Genass in the forenoon to get him to go to School with me in the afternoon: he said he would so he and I went and enjoyed it very much indeed. The School was small; but they had a good teacher that tried to learn them; and keep good order too. There was a dance at barnards to night

Saturday, January 2, 1869.

It has been rather cloudy to day. The air has been pretty sharp too. Father finished getting ^{wood} from Austin ^{island} to day; which he ^{gave} to us for removing the brush and chips from it. Father thinks we have got eight cords of it. One reason Austin gave the wood away was because it was so hard to work up; it being nearly impossible to split ~~it~~ part of it. Had a letter from Charley last night and one from aunt Harriet too.

Sunday, January 3, 1869.

It has been a cloudy to day; looks as though it would rain tomorrow. There has been no service at the church or chapel to day.

Monday, January 4, 1869.

It has been a very pleasant day. Have picked over some potatoes; and sawed wood too some. We are going to work up our wood pile right off this month if nothing prevents our doing so; as the elm wood will split easier when it's frozen. We calculate to raise an acre of corn and one of beans and put 2 hills of Beans ~~beans~~ between the crop hills; which will make about 2 1/2 acres of Beans in all. This summer.

Tuesday, January 5, 1869.

It has been a rainy day and the Thermometer up to 40 above 0. I have picked some potatoes over and sawed a little wood. This eve went to a Debate at the School House on the question; Whether God; Chamberlain was justified or not in hanging Harris (The Auburn Murderer) under the law. It was decided by vote in the negative.

Had a letter from Bro French ^{of Gummer} saying he could not be here on account of sickness.

I am expecting to come down with the measles in a day or two. I was exposed to Harnny.

It has been a very pleasant day. Have been sawing ~~stump~~ stump roots to day. I have felt sick all day with a cold. I have come to the conclusion that I have had the measles or I should have broke out with them before this.

Sunday, January 10, 1869.

It has been another pleasant day; with the Ther at 40 above 0 most all day. but it has cleared off to night and looks as though it would be colder tomorrow. There has been no service at the church to day; but Mr Elliot preached at the Chapel.
