**Farm for Sale!**

THE subscriber desiring to go West, wants to sell his farm situated in Dixfield village, containing 85 acres, about equally divided into pasture and tillage, the tillage land being level, cuts 25 tons of hay; also 75 acres of pasture and woodland one mile from the house. I have put in about  $\frac{1}{4}$  acre of cranberries, and the chance to put in 10 acres cannot be excelled; a never failing stream of water runs through the field. The buildings, all in good repair, consist of a 1 story house, ell and shed, barn with cellar, and shed attached to barn; in the ell is an excellent well of water, that has never failed. This is a rare chance for any one wishing for the privilege of living in a beautiful village. **Price, \$3,000.** For further particulars, enquire of the subscriber on the premises.
