Loyalty Club Plans Sr. Mothers’ Tea Thursday, May 12

With the theme “Tulip Time,” the Loyalty club will welcome the seniors’ mothers at the annual tea held in their honor. The event will take place, May 12, from 2 to 5 o’clock.

The general chairman of the tea are Mildred Sandy and Jacy Crouse. Other chairmen are Helen Farr and Stella Oeh, music; Janet Sandall and Bev Muir, refreshments; Betty Chauncey and Jane Barnes, invitation; and clean-up, Donna Williams.

The co-chairmen of decorations, Lois Beech and Audrey Hall, have planned the surroundings with varied colored tulips and babybreath floral arrangements. Big bows of crepe paper in pastels on tables of white will complete the color scheme.

Coffee and tea will be served with fancy cookies and homemade breads. Background music will give atmosphere and color. All mothers present will receive a pretty tulip name-plate.

Mrs. Inez Coder, adviser of the Loyalty club, says, “We hope all the seniors will urge their mothers to attend this tea. This will be a grand opportunity for these mothers, who have much in common, to meet and become better acquainted.”

The general chairman of the tea is Helen Farr, A. S. B. secretary, and she is the candidate for queen of the celebration marking the removal of the tolls on the Lake Washington Floating Bridge July 2.

Selection of the queen will be made on the basis of the number of votes candidates receive. June 26 is the deadline for votes to be turned in.

The queen will ride at the celebration with her court on a huge float supplied by the East Side Federated Clubs.

Helen is sponsored by the Juanita Improvement Club. The Kirkland Chamber of Commerce is also backing her.

Many important officials will be at this fiesta including Gov. Arthur Langlie.

Kangaroo Netmen Will Travel To Enumclaw

Lake Washington Meets Sumner In League Game

Today the Lake Washington Kangaroos will travel to Sumner to tangle with the Spartans in a Puget Sound League game.

The Sumner crew so far this season hasn't fared so well, coming out the victor but once in five tries. A win now over the hot and cold Hoppers would probably bolster their spirits into a successful season.

For the local boys it's either do or die, having dropped their last two out of three games. A win now is very essential to keep in the running for the League lead. Lake Washington's record so far is three wins and two losses. Two straight victories, then a loss to Auburn and highline with a win over Clover Park sandwiched in between.

Renton is now leading the pack with five in a row, the most recent being a 15 to 1 bombardment over Auburn. Enumclaw is second with Lake Washington and Puyallup tied for third, and the rest trailing.

The probable pitcher for Lake Washington will be Bob Fowler even though he pitched most of the Highline game. On the receiving end will be Fred Alexander. Both are sophomores and have been the winning battery in all three victories. The Summer pitcher has not yet been disclosed.

The starting line-up for the Kirkland nine will be Chuck Smythe or Bob Dunn at first. Smythe having missed the Highline game because of a foot injury, Dick Owens 2B, Darrel Hall, 3B, Chuck Lindberg, SS, Arno Leary, CF, Billy Bright, LF, and Don Trussel, RF.

Lake Washington Meets Sumner In League Game

World Of Sports...

With good pitching in the clutches and helpful boots, Auburn dropped the Kangaroos from the undefeated by taking a 3-1 baseball decision April 26.

Yurachel, Auburn's chucker, came through with some beautiful pitching when the Lakers had the bags bulging in their final two trips to the plate.

Highline was the next team to polish off the Purple and White with a 7-1 drubbing on the losers' field by 3.

Errors again aided the victors with a total of 8 being executed by Lake Washington.

With his 6-0 record on the pitchers' mound, Auburn's Yurachel has a .492 batting average this season. He is third in the Seattle League hitting.

In the last nine games the Lakers have scored 28 runs, lost 5, and have a batting average of .362. Auburn has scored 25 runs, lost 2, and have a batting average of .363. They are hard to beat.

The Girls' Athletic Association has started their golf tournament. Turning out on both Redmond and Juanita golf courses, the G. A. A. girls are getting a pleasure out of learning to play.

Gene Woodling, last year's leading coast hitter, and Casey Stengel, manager, up from Oakland, are making the New York Yankees again a title contender. Woodling is helping Yankee fans forget the loss of outfielder Joe DiMaggio.

A brief slump big Heinie Becker is starting to get his eye back on the ball. Becker is back over 300 and leads Seattle hitters in homers with six.

Lake Washington basketball is in a very bad way for pitchers. The power at the plate has been holding up but the Rainiers can rely on three chuckers, Karpel, Fletcher and Schanz.

The hottest baseball club is the Seattle Indians, now sitting on top of the circuit, are out for their fourth consecutive baseball crown.

The Rainiers are in a very bad way for pitchers. The power at the plate has been holding up but the Rainiers can rely on three chuckers, Karpel, Fletcher and Schanz.

The only chance for a Kangaroo baseball title would be if the Hoppers go undefeated the rest of the way and Renton was knocked off. But the Kirkland boys have to face Renton and a tough Enumclaw outfit.

Leading hitter of the northern division is the University’s first sacker, Dick, who is hitting the ball at a .339 clip. Cohen of Oregon is next with a .464 average. Next for the Huskies are He with 400 and Cheriton with 371.

Five Polio Precautions Are Listed for Parents

Warning that the 1949 polio season is "just around the corner," the National Foundation for Infantile Paralysis today issued a list of precautionary measures to be observed by those in charge of children. During the epidemic danger period which usually runs from May through October, reaching its peak during the hot, mid-summer months, the five easy-to-follow health rules for children are:

1. Avoid crowds and places where close contact with other persons is likely.
2. Avoid over-fatigue caused by too active play or exercise, or irregular hours.
3. Avoid swimming in polluted water. Use only beaches or public pools declared safe by local health authorities.
4. Avoid sudden chilling. Remove wet shoes and clothing at once and keep extra blankets and heavier clothing handy for sudden weather changes.
5. Observe the golden rule of personal cleanliness. Keep food tightly covered and safe from flies or other insects. Garbage should be tightly covered and, if other disposal facilities are lacking, it should be buried or burned.

The National Foundation also listed the following symptoms of infantile paralysis: headache, nausea or upset stomach, muscle soreness or stiffness, and unexplained fever. If polio strikes in your family, call a doctor immediately. Early diagnosis and prompt treatment by qualified medical personnel often prevent serious crippling, the National Foundation pointed out.

The organization emphasized that fear and anxiety should be held to a minimum. A calm, confident attitude is conducive to health and recovery. Parents, it said, should remember that of all those stricken, 25 per cent are left with only slight after effects. 50 per cent or more recover completely, while another 25 per cent are left with only slight after effects.

If polio is actually diagnosed, contact the chapter of the National Foundation for Infantile Paralysis serving your community. The chapter will pay that part of the cost of care and treatment which patient or family cannot meet.

Gov't. Class Asks Questions on Law Of Mr. Ostrander

Do you think Federal divorce laws and Federal driving regulations and laws would be a good idea?

In what manner is a case tried and how does a court function?

What is the main cause of divorces?

These questions and others were asked recently by Mr. Otto Smith's American government class of Mr. Lamar Ostrander, Kirkland lawyer.

Mr. Ostrander came to the school when questions came up which neither the book nor Mr. Smith could answer.

Mr. C. A. Shinstrom, banking executive, came to Lake Washington High a few weeks ago to lecture and answer questions on banking.

With the advent of spring and summer fashions, the annual Girls’ Club style show will be given May 16. It is directed this year by Marcittas Mills. Style commentator is Marilyn Barber. Cotton dresses, formals, beach fashions, and pajamas will be featured. The models were chosen from all the classes, many of the girl models in previous years.

The girls who will preview the latest ideas in spring clothes are Marilyn Jamieson, Pearl Stockert, Faye Friesen, Jane Barnes, Audrey Hall, Marilyn Lampert, Gladys Paulson, Dawn Mair, Ann Biesly, Patsy Brogan, Berbers Craig, Betty Kraft, Helen Farr, Gay and Kay Middleton, Ila Hounan, Carolyn Durham and Patty Wood.

Nightly snacks swiped from the ice box will look even more appetizing if the gals are wearing pajamas and nightgowns like the ones Beverly Olson, Lois Beech, Marilyn Young, and Ben Hansell will wear in the show. A person might think that the senior ball was yet to come by looking at the formals to be modeled by Carole Betzold, Marilyn Schneider, Connie Wagner, and Donna Gregg.

Alex Bentley, Don Trusell, Doug Hendel, Tom Wagner, Dean Littlefield and Keith Thoraldson will help to complete the fashion picture.

Miss Pat Heiber, G. C. adviser made this comment, “I think the style show has many new ideas, and with the interest that has already been shown by the girls working in it, it will be one of our best projects for this year.”

Stage properties will be secured from Morgan Furniture of Kirkland.

Two Lake Washington alums have recently received honors at their respective colleges. Marilyn Goodwin, ’48, is 3rd on the women’s varsity tennis team at Miami U., Miami, Ohio. Gordon McKibben, ’48, edited the freshman edition of the Stanford Daily at Stanford University, California.

Spring Bug Bites Verse Lovers And Poets are Sought

Oh frabjous day! 'Tis the last leg of the season and we look forward to the spring. It's spring again and the little lizards are stirring in the forest. One dropped into our news-ink shop and gave us a post-mortem congratulation on the recent short story contest.

Whilst (that's a poetical term) we were jaying (you can take that one for what it's worth) I noticed that my little friends was saying his sentences.

"Who is he?" asked Alice.

"Oh frabjous day! Tra lou tra le! and Brillig on the Auf-gabe! Shades of Mr. O'Malley it's spring again and the little lizards are stirring in the forest."
