two hours of ....

Two hour semester finals will again be experienced at Lake Washington next week. Most members of the faculty are in favor of the extended semesters because more probing questions could be asked, and because it gives the student more time to reflect. Opponents of the two hour exams feel that students don't reflect even if they have the time and are usually ragged on time themselves. They feel that our final's S.O.S. (save our store)

They Bring Home Souvenirs and Memories

Aloha

Leis bloomed in the halls of Lake Washington as students and teachers alike returned from the beaches of Hawaii. Broad smiles, tanned faces and orchestra identified those who spent Christmas with the Palm trees.

Linda Hunter models a crepe jacket she purchased in Mazatlan, Mexico during her vacation. Linda was impressed with the colorful and bright way that Mexico celebrates Christmas.

Jeannie Hess dreamily recalls her Christmas trip to Illinois. Memories include 17 degrees below zero weather, telegraphing on golf courses, bargain hunting in Wisconsin and the spectators of Chirp's Field at night. Jeannie noticed how calm everyone seemed to be and commented on their friendliness. Her all-day lollipop comes from an "oasis" on Illinois Freeway, An Oasis? Just ask Jeannie.

"Be Prepared" For the Fair

Math-Science Club is sponsoring the annual Math-Science Fair, Thursday, March 19. The fair is being held earlier this year to give students who receive a good rating in the L.W.H.S competition a chance to enter the state competition later in the spring. First, second and third places will be awarded in each of the five divisions: chemistry, biology, physics, math and electronics. Winners in each of these divisions will enter a general school competition, and a first, second and third prize will be awarded. An added feature this year will be a judging staff composed of math and science teachers from other high schools in the district.

Students Combine Talents To Make Beautiful Music

Have you heard of the Seattle Youth Symphony? It is composed of 125 young musicians who combine their talents and instruments in musical harmony.

Five talented girls from L.W. are among high school and college students chosen in auditions for this orchestra. The string section are Carol Llamas, viola; Marcia Wason, cello; Tandy Underhill, Jessica Reed, violin; and Gloria Chapin, trombone.

Under the direction of Mr. Villem Kroll, Doctor of Music at the University of Washington, the orchestra has performed at the Opera House and gives its next concert for February 16, at Ingraham High. A tour of Eastern Washington is being arranged for the future. Right now students are traveling to the University every Saturday for rehearsals. Now that you know what it is — go listen to them perform.

Skiing - NW's Fastest Growing Sport

With the announcement of the revised school policy Monday, December 9, Ski Club has been officially accepted and is continuing unceasingly for two years, its popularity and support have led to its approval by the school board.

Easily the school's largest club with over 150 members, Ski Club is headed by Gary Wood. Other officers are Jayme Gustafson, vice-president; and Beth McCaughey, secretary-treasurer.

Meeting bi-weekly, the club serves a double purpose to organize skiing at Lake Washington and provide ski buses for all interested. So far these buses have been charted, carrying over 100 students to Ski Acres each Saturday.

First turnouts for the ski team will be held Sunday, January 19, at Ski Acres. There will be four events in the inter-school competition: giant slalom, jumping, slalom, and cross-country. All boys interested are encouraged to turn out.

Scheduled to compete in four meets plus a number of individual races, the team may also sponsor its own tournament. Those meets slated are the Beta Cup Giant Slalom, the All City Four-Way, and the Bellevue and Leavenworth Invitational.

Gymnasts Perform

Boys gymnastics, coached by Mr. Norm Bottenberg, has performed for All-Sports Night and basketball games.

In the future Mr. Bottenberg says the team will perform at basketball games and put on shows for organizations. Inter-school competition is being planned.

Boys gymnastics consists of tumbling and the use of the apparatus, such as the trampoline, parallel bars, horse and spring board. There are about 15 boys turning out on Mondays, Wednesdays and Fridays.

Garretson Flies Above Snow

"I started skiing when I was four." Fourteen years on the boards has brought Randy Garretson a long way. In 1959 he placed seventh in the Junior National Jumping competition. In 1965 he placed sixth.

Why did it take Randy so long to get one step up? After the 1959 competition he had a jumping accident and broke his neck. That kept him off the slopes for a while, and when he started jumping again last year he had a mental block, fearing that he might fall again.

Randy seems to be regaining his confidence though. He has placed second and first, in that order, in the two jumping meets he has entered this year.

In March, Randy plans to enter the Junior Nationals at Squaw Valley, Calif. Randy may enter the Senior Nationals later in the year depending on the outcome of the junior event.

Non-league matches have highlighted the Kang's wrestling season, as they have defeated Blanchet, Renton and Clover Park. In league play the 'Roo's have beaten Federal Way and Mercer Island. The team had a match with Summamish Thursday, January 16, and will wrestle at Bothell today at 3:30.

Friday, January 5, the grapplers defeated Clover Park, last year's district champs 25-21 in a hard fought home match. In another home match, conditioning proved superior in their 34-8 victory over Renton, January 10. By winning at Blanchet 21-19, January 14, the squad now has a season record of seven wins against two defeats.

In their first league match at home, the Kangs defeated a new team in the league, Mercer Island, 40-16, December 19. Kang JV's wrestled varsity due to the Islanders' inexperience. In their second league match, the 'Roo's beat Federal Way 34-8, January 9, at Federal Way. Coach Ralph Walter was pleased with the team's aggressiveness.

Cagers Suffer Fifth Loss

Seek Revenge Against Islanders

Flobbie Morelli drives around Steve Johnson's screen in the Kangs 55-47 loss to Summamish.

Courage and determination will be the 'Roo's best points when league leading Mercer Island visits Kangland tonight. The 'Roo's will be out to win one after four straight losses.

L-W, found Mt. Si a poor host Tuesday, January 14. The score was 27-49. Ernie Packebush led the scoring with 10 and also pulled down 15 rebounds. Rob Morelli added 8 points to the effort. Steve Johnson, who became ill the day of the game, was sorely missed. The 'Roo's shot at a frigid 29.7 per cent clip.

Friday, January 10, the Kangs fell to the Summamish Totems 55-47. Steve Johnson with 15 points and Ernie Packebush with 10 paced the Kangs. The Kangs were hurt in the rebound department in the second half, grabbing only 12.
