KIRKLAND, WASH.
Quick Telephone Service
OVER OUR LONG DISTANCE LINES
NUMBER SERVICE
Seattle, Medina-Bellevue, Beaux Arts
To use Number Service first obtain correct numbers from the Seattle Directory, call the operator, give her the number and "hold the line". If all Toll Lines are in use the operator will say "I will call you when ready".

Station to Station Service
STATION-TO-STATION service should be used when you will talk to ANYONE answering the telephone called, or when you feel that the person with whom you desire to talk can be promptly called to the telephone by the person answering. The charge for the call begins when anyone answers at the called telephone.

RATES FOR STATION-TO-STATION calls are much cheaper than for other classes, because less labor and use of telephone equipment is required to complete them. For the same reason this service is generally more rapid.

STATION-TO-STATION calls placed "collect", will be charged for at the Person-to-Person rate. Therefore, if it is desired to have the called party pay the charges, the Person-to-Person class of service should be used.

REDUCED STATION-TO-STATION rates known as Evening and Night rates, are in effect between 8:30 P.M. and 4:30 A.M. Evening rates are effective from 8:30 P.M. to Midnight and are about one-half the Day rate. Night rates apply from midnight to 4:30 A.M. and are about one-fourth the Day rate. When the Day rate is 25c or less, the Evening or Night rates will be the same. In applying the Evening and Night rates the time when the connection is established will govern.

If you wish to be advised of the charge on a long distance call, time will be saved if you so notify the operator when you place the call. When you have finished the conversation and have replaced the receiver on the switchhook, the operator will compute the charge and call you back.
